## Tip o' the Hat

Kudos to the Rubber Fabrication Department at Mulhern Belting's Ohio facility. This February a customer needed 250' of cleated rubber belt ASAP. Our team turned it around in one day. Nice work coming up big!

## WRAP IT UP

Mulhern Belting has invested in four new shrink wrapping machines—one for each of our plants. We use these devices anytime your product can't fit into a box. With hundreds of styles of belt in stock and a different fabrication each day, our company ships irregularly-shaped products and pallets from each plant daily.

This secure improvement out-performs traditional banding and presents a clean, finished product for shipment. It also protects the product more than typical packaging by holding it firmly in place during transit.

## PRODUCT REFRESHER: POLY-URETHANE BELTING

Mulhern Belting stocks two varieties of wide Poly-Urethane belts. Both the 4-4400 and 4-4600 come up to 106" wide and are stocked in our New Jersey and Indiana locations. PU belts are widely used in high-abrasion applications such as glass cullet reclamation, recycling or as eddy current belts.

If you are specing in a urethane belt be sure to request a urethane skim—like the 4-4400 and 4-4600. A PU skim prevents ply delamination in rough applications.

Mulhern Belting can fabricate cleats, v-guides and sidewall on both of these products.

### EMPLOYEE SPOTLIGHT

## KENNETH "BUCKY" EADES

Bucky has been with Mulhern Belting for twenty four years. He is married to his best friend of twenty five years, Kelly Robertson Eades. They have four children: Josh Ryan (Air Force), Savannah Eades (living in Scotland), Travis Trawick (living in Gulf Shores, AL) and Zackery Eades (pre-med on track to become a dentist). His single proudest achievement is raising good, moral, hard-working children.

When he's not in the field working with our dis-

“When I started at at Mulhern, it was a much smaller company. We have grown into a great company and I'm pleased to have been a part of that. There's great enjoyment in my job seeing how things are made and processed while figuring out the best belt for each application. I work with people from all over the world and test my belting knowledge daily.”

tributors, Bucky enjoys activities he can do with his kids, specifically hunting, fishing, golfing and scuba diving. He's coached soccer, football and baseball and is a huge Alabama football fan.

Bucky's sales territory includes Florida, Tennessee, Georgia, Alabama, Mississippi, Arkansas and Louisiana.
